EHM 162 S Set

The powerful 2000 W stirrer
for high viscosity building materials

EHM 162 S – The robust stirrer up to 80kg mixture

Space-saving metal bow

Side handle

M 14 Quick change adapter
(Accessory)

APPLICATION:

- Mixing of building materials with high viscosity, e.g. filler and leveling compounds, tile cement, ready-mixed mortar and plaster, screed, epoxy resins, sealants, granulate
- Drywall construction, tiler, plasterer, civil engineering, landscaping

FEATURES:

- powerful 2000W motor
- Space-saving metal bow with soft grip handle – handy, vibration reducing, non-slip, easy to lay down, comfortable transport
- Side handle (usable on both sides – safe handling when mixing material of high viscosity)
- Electronic switch – stepless speed regulation for less splashes
- Easy to service - easy change of the carbon brushes
- M14 direct stirrer connection – optimal power transmission, high concentricity

Specifications	EHM 162 S
Power input	2000 W
Rated voltage	230 V ~
Rated speed	0-430 rpm
Max. basket Ø	180 mm
Spindle connection	M 14 female
Weight	6.0 kg
Order no.	07779000
Supplied	in a box incl. stirring rod MG 160
