

**EIBENSTOCK**

## **END 40 A**

The cordless drilling machine with  
integrated water tank for the sanitary area

- Fast freehand drilling of hardest materials on walls and floors, such as natural stone, tiles, ceramics, porcelain, fine stoneware and concrete
- Impact-free drilling - prevents damage to the surface and material breakage, in particular with high-quality materials
- Especially for the plumbing, heating and air conditioning industry as well as tilers and roofers
- Flexible working without a disturbing power cord
- Integrated water tank with flow regulator
- High-speed metal gearbox for long service life and optimum cutting speed

**One battery, many solutions.**  
Latest METABO battery technology  
Compatible with all 18 V METABO batteries

Specifications		END 40 A
Battery pack		18 V
No-load speed		0 - 8.000 rpm
Drilling diameter	Dowel drilling	6 - 20 mm
	Tile / slab drilling (max. 20mm thickness)	6 - 40 mm
Spindle connection		M 12 x 1.5 male / 1/2" female
Weight		2.4 kg incl. Battery
Order no.		030A1000
in a case, incl. charger (standard), 1x battery 5.2 Ah, adapter M12x1,5 female / 1/2" female, assembly tools		
Order no. (without charger and battery)		030A2000
in a case, adapter M12x1,5 female / 1/2" female, assembly tools		

Centering device optionally

Water supply with flow regulator
